The 2022 Merlot opens on the palate with delicate yet concentrated notes of pomegranate, cherry, and blackberry. A fifteen-month evolution in French oak barrels has yielded aromas of bitter cocoa, and touches of sweet spice like clove and cinnamon. This is an elegant wine, with velvety tannins that fill and generate a pleasurable grip in the mouth. Complex and youthful, this is a wine that persists on the tongue. Pair with grilled meats and sweet potato or squash, or something creamy and mild for dessert such as a tiramisu.
